The War on Our Creed

Fabricated history books claim that the campaigns and invasions by the Muslims were not waged on an ideological basis. Rather, they were sovereign political wars, or wars for economy, for wealth, minerals, and dams, or they were nationalistic wars for crossings and the geographical borders…They confined people only to the ground, denying their affairs being commanded from the sky! And thereby, they limited them between the geographical borders! They took country as their biggest idol! And mud is the utmost of their goals! And they pin their hearts on the world, not with the religion, and so the world became their only concern and aspiration.

This was accompanied by a systematic distortion of the Islamic creed. The chief advocates of Hell took over, who worked hard for corrupting this creed and subverting it under many proceedings, not the first of which is the "interfaith dialogue", and not the last of which is "humanism," the new religion that has been devised to dominate the servants and the countries, and Islam is being crowded out in every field.

After decades of falsification and distortion of the history of the Islamic creed, people grew up seeing "homeland" as a deity being worshiped besides Allah ﷻ. Equal for them are a Muslim and an kaffir! And they view from the perspective of al-Wal wal-Bara, and they call their dead "martyrs", even if they are non-Muslims! And they prioritize their homeland over everything else, even if it was the place of tawhid of the Lord of all creation. As such, the homeland became the biggest taghut in the land!

The loss of religion and the corruption of belief is the greatest misfortune that has not been overtaken by any other misfortune! It was narrated on the authority of Ibn Umar, may Allah be pleased with him, that he said: "The Messenger of Allah ﷺ rarely used to stand from a council to make these supplications: '...And do not make our calamity in our religion, nor You make the world burden us, and our knowledge is not beyond measure...'" [Narration of At-Tirmidhi] And the failure to recognize the inescapable truth is the greatest misfortune of people today in their religion! All the misfortunes of the world can easily be accepted, but the misfortune in religion can hardly be accepted! Rather, the misfortunes and the worldly concerns that burdened our people today are free from the greatest misfortune, which lies in shirk and corruption of faith. Allah ﷻ says: "And if the people of the towns had believed and feared, we would have bestowed blessings upon them from the heavens and the earth, but they lied, so We seized them for what they had earned" (Al-A'raaf: 96). Ibn Kathir said: "That is, if their hearts had believed in what the Messengers brought to them, and if they believed in it and followed it. And beware by doing acts of worship and leaving forbidden things." No, by Allah, they do not believe in Allah, His Scriptures, and His Messenger, since they claim that the Christians are believers and they will enter Paradise, and they attach to them the titles of "martyrs". It has been transmitted by Imam al-Bukhari in the chapter of his Sahih that: "It should not be said that the so-and-so are martyrs." By this he means that the testimony of any of the Muslims is not severable except for the one for whom the Prophet ﷺ or the revelation testified. As far as the heretics of today are concerned, who do they want to enter into the Paradise of Allah ﷻ? Those who associate partners with Him, claiming that Allah is the third of three!! And that 'Issa is the son of Allah!! And that 'Issa is Allah!! Allah says in Quran: "They have certainly disbelieved who say, 'Allah is the third of three.' And there is no god except one God." (Al-Ma'idah: 73). And His Majesty says: "They have certainly disbelieved who say, 'Allah is the Messiah, the son of Mary" while the Messiah has said, "O Children of Israel, worship Allah, my Lord and your Lord.' Indeed, he who associates others with Allah - Allah has forbidden him Paradise, and his refuge is the Fire. And there are not for the wrongdoers any helpers" (Al-Ma'idah: 72). And the heretics of our time respond to the final saying of Allah ﷻ and His rule of justice for the Christian kuffar. All of this is a victory for their idol that they made the center of the universe and presented that in front of the Creator of the universe! Then they claim that Allah ﷻ will make them victorious, whereas they violated every condition for the victory, and they, eventually, worked against it.

The Murji'ah and their followers are from the remaining heretics. They do not acknowledge the nullifiers of faith, claiming that these have been denied by the necessity of the religion. It is known that the atonement of Christians also seems to be part of the religion of necessity. So what is left for them today who have denied it? What can be learned from the religion of necessity?! Rather, they were satisfied with that and sought to legitimize their kufri superstitions, in which no one preceded them. The kufr of the Christians is unquestionable, and it is not a speculative issue. It is completely explicit, not hidden at all. If they were to be affiliated with Islam, do they not know anything about Islam? What do they know about Islam? They claim that a Christian kaffir is a martyr in Jannah, but a mujahid Muslim is out there in hellfire?! Are they ignorant? Or simply resisting opponents?! These people did not accept the truth of Islam, which is submission to the commandment of Allah; rather, they wanted to subjugate Islam, the verses of Qur'an, Paradise, and the mercy of the Most Merciful Allah to their whims, and their intellectual levels dictate the emotional victory for the idol named as 'motherland'! Showing depravity to Allah ﷻ and the belief of Islam, it is an unprecedented heresy, and it is the product of eras and decades of dark wars of distortion and corruption committed by the Murji'ah, Sururiyah, and the "Brotherhood" against the creed of Islam.

This deviation is the harvest of deferment of the wrath upon most of the groups and sects falsely affiliated with Islam. It is the product of years of efforts by the preachers of the satellite channels and the so-called shuyukh of the tawaghit. However, already the Islamic State has warned - in its speeches and media outlets - these pretend often that they are a threat to the creed of Islam! We have advised, explained, and excused us to Allah ﷻ, but most of the people do not bring faith and do not like sincere counsels.

It is an all-out war against Islam and its people, who believe in Allah as the Lord, Creator, Disposer of His beings, and the adored deity that they single out for worship, and they do not associate with Him in worship with any other deity, not even homeland or any other idol. They believe in the Names and Attributes of the Most High, in the torment which He inflicts on whom He wills, and in the vast expanse of His mercy that He decided in his Book that He would bestow on those who believe in His verses, as He ﷻ says: "Those who follow the Messenger, the unlettered Prophet," who ﷺ said and swore: "By the One in Whose Hand Muhammad's soul is! There is nobody of this Ummah, be they Jewish or Christian, who hears of me and then dies without believing in what I was sent with except that he will be among the people of Hellfire." [Muslim] But the heretics of today refuse it!

And Allah ﷻ has commanded us to supplicate in every prayer, by saying, "Show us the straight path," which is the path of Islam, and to avoid us from the path of the wrathful ones, the Jews, and the way of the lost ones, the Christians! To what did they convert? The straight path is the path of the one who does not make takfir on the Christians or calls them to the forbidden Paradise!! But who can guarantee us that they will not take a stand? The same stand with the Jews one day?! And we hear the descriptions of "martyr" called on a Jew killed by the Zionists? What happened and what is happening is within the chapter from the raging war waged by the kuffar and murtaddin on the Islamic creed. And those kuffar involved with them armed soldiers, people with turbans and beards, writers, activists, and preachers - all calling the people to Hell! What is required for the Muslims is to stand up to this fierce attack on the Islamic creed, and there is no way to confront this war except with a counter war based on jihad on the prophetic methodology. Verily, everything else is false, and soon it is going to be another chapter in addition to the chapters of the war on Islam, and undoubtedly, the final consequence is for the righteous.
